

REPORTS ON MAORI PRISONERS.

Daily Reports on Maori Prisoners (Continued.)

"Marion" Hulk, and North Shore.]

June 8th, 1864.

[T. A. WHITE.]

No. Sick.	Nature of Disease.	General Conduct.	Com-plaints.	Remarks.
2 2 12 1 2	Dysentery. Abscess. Wounded. Inflammation. Constipation.	Good and well behaved.		There has been no great change since the report yesterday, save the sudden ailment of Te Rangitakinga, who is at the present suffering from disease of the bladder; he is recommended to be taken on shore at once, and it is believed his recovery will be rapid. Provisions and water regularly supplied, and of good quality. Decks clean, and daily sprinkled with chloride of lime. The sick prisoners Epiha, Hamiora, Te Horeki, and Maka, who have been on shore some time at Hone Ropiha's, were removed to the Hospital on the North Shore to-day for further treatment.

"Marion" Hulk, and North Shore.]

June 9th, 1864.

[T. A. WHITE.]

2 2 12 2 1	Dysentery. Abscess. Wounded. Constipation. Inflammation.	Quiet and Orderly		Rangitakinga, who had an attack of inflammation of the bladder, is slightly better this morning; he feels no pain, slept well during the night, and seems to take his meals with relish. Other patients doing well. The men at the North Shore are also favourably progressing, and the building arrangements will be completed this evening. The ship is kept clean; decks regularly sprinkled with chloride of lime. Provisions and water good. Prisoners well behaved and satisfied.

"Marion" Hulk, and North Shore.]

June 12th, 1864.

[T. A. WHITE.]

2 1 1 12 1	Dysentery. Abscess. Scrofula. Wounded. Inflammation.	Good.		Penetita, who has been suffering for a long time, expired at 9 p.m. last night; he had every care bestowed upon him, but of no avail. Karaka is very weak, and seems to be failing in flesh; he is being allowed wine, cod liver oil, and beef tea. Rangitakinga is very slightly better, though he is still very weak. Other patients doing well. Decks clean, and regularly sprinkled with chloride of lime.
