REPORT OF COMMISSIONERS	v.		
	vii.		
APPENDIX.			
EXTRACTS FROM CORRESPONDENCE.			
I. APPOINTMENT OF AGENTS IN ENGLAND.			
1. To the Colonial Secretary, requesting that the Commission may be allowed to avail themselves of the services of Mr. John Knowles while in England	1	24. To Mr. Morrison, forwarding 23 bales of <i>Phormium</i> fibre, with instructions as to their disposal	12
2. From the Colonial Secretary, informing the Commissioners that they may avail themselves of Mr. John Knowles' services while in England	1	25. To Hon. Mr. Vogel, giving account of the action taken in England by the Commissioners	13
3. To Messrs. R. Christie & Co., requesting latest statistics of supply and consumption of all fibres with which <i>Phormium</i> can compete	1	26. From Hon. Mr. Vogel, giving an account of information gained in the United States of America, with report attached	13
4. To Hon. Dr. Featherston, asking him to recommend Mr. Buller as agent for the Commission while in England	1	27. To Hon. Mr. Vogel, making suggestions as to the uses to which <i>Phormium</i> fibre may be put, and giving the intentions of Commissioners with regard to flax sent to England	16
5. From the Under Secretary, informing that arrangements have been made for employing Mr. Buller on behalf of Commission	2	28. To Mr. Ralston, informing him of shipment of plants and bale of <i>Phormium</i>	17
II. INSTRUCTIONS TO AND REPORTS FROM AGENTS IN ENGLAND, &C.			
6. To Dr. Hooker, requesting him to select Persons to make chemical and microscopic examination of <i>Phormium</i>	2	29. To Mr. Morrison, asking him to forward specimens of all articles made from <i>Phormium</i> , except rope	17
7. To Dr. Hooker, detailing the steps taken relative to the manufacture of flax, and describing the points requiring investigation	2	30. From Mr. Ralston, thanking for plants and bale of <i>Phormium</i>	17
8. To Mr. Morrison, informing of communications with Dr. Hooker and Messrs. R. Christie & Co., and requesting him to assist them, and that a flax-stripper will be sent home	3	31. From Mr. Morrison, saying that no articles are made from <i>Phormium</i> except rope	17
9. From Mr. Morrison, concerning appointment of Dr. McNab and Mr. Church to report on flax, with enclosure from Dr. Hooker on the same subject	4	32. From Mr. Morrison, saying that he cannot procure articles made from <i>Phormium</i> , as none are made; enclosing letters on the same subject from Mr. Thorne, Messrs. Manning, Collyer & Co., Mr. Carmichael, and Messrs. Noble	17
10. From Dr. Hooker, saying that he has selected Messrs. McNab and Church to report on flax	4	33. From Hon. Mr. Vogel, forwarding report by Mr. E. Fox on three machines for dressing hemp, &c., inspected by him in Yorkshire	19
11. To Mr. Morrison, approving the arrangement made with Messrs. McNab and Church by Dr. Hooker	4	34. From Messrs. R. Christie & Co., with remarks on <i>Phormium</i> , and enclosing letter addressed to Hon. Mr. Vogel, saying that they had endeavoured, without success, to get the fibre manufactured	21
12. To Dr. Hooker, thanking him for selecting gentlemen to experiment on <i>Phormium</i>	4	III.—REWARDS AND EXHIBITION.	
13. To Colonial Secretary, enclosing draft of letter to Mr. Morrison, asking for sample bales of those fibres which compete with <i>Phormium</i> in the English market	5	35. To Colonial Secretary, recommending that rewards be offered for the manufacture of certain articles within the Colony from <i>Phormium</i> fibre	21
14. From Mr. Morrison, informing that Messrs. G. and J. A. Noble have undertaken to select sample bales of those fibres which compete with <i>Phormium</i>	5	36. Extract from <i>Gazette</i> , offering rewards for manufactures of <i>Phormium</i>	21
15. From Mr. Morrison, reporting on sample bales of various fibres which compete with <i>Phormium</i> ; enclosing report on same subject from Messrs. Noble, and reports by Mr. Thorne, Captain Manning, Messrs. Frost Brothers, and Messrs. Manning, Collyer & Co., on rope made from <i>Phormium</i> prepared by Mr. Thorne's process	5	37. To Colonial Secretary, requesting that Superintendents be asked to collect samples for Exhibition, and that a notice be inserted in the <i>Gazette</i> to that effect	22
16. To Mr. Morrison, in acknowledgment of the above	9	38. From Under Secretary, saying that Superintendents have been asked to collect samples of <i>Phormium</i> , and notice will be issued in <i>Gazette</i>	22
17. To the Colonial Secretary, requesting him to move the Governor to apply to the Secretary of State for information respecting the preparation of Manila	9	39. To Mr. Hulke, requesting loan of collection of fibres and plants for Exhibition	22
18. To Dr. Forbes Watson, requesting him to furnish list of works that bear on the subject of the cultivation and preparation of Manila fibre	9	40. To Canterbury Flax Association, requesting loan of their collection of fibres for Exhibition	22
19. To H.B.M. Consul, Manilla, requesting him to furnish reports, &c., respecting the cultivation and preparation of Manila fibre	10	41. From Canterbury Flax Association, who will afford all assistance by collecting samples, &c.	23
20. From H.B.M. Consul, Manilla, giving information concerning the cultivation and mode of preparation of Manila	10	42. To Messrs. Cargills & McLean and others, requesting to secure samples from parcels shipped	23
21. From Mr. Morrison, saying that he cannot procure publications concerning Manila hemp; enclosing copy of letter from Dr. Forbes Watson on the subject, and Indian Government notice of prizes for machines to dress Rhea grass	10	43. To Major Mair, R.M., and others, requesting them to collect specimens of Native manufacture for Exhibition	23
22. From Mr. Morrison, saying that he has advertised for books treating of Manila fibre, but cannot procure them	12	44. To Colonial Secretary, bringing under notice of Government the want of a suitable building for the Exhibition	23
23. To Mr. Morrison, recommending that extracts be copied from works on Manila fibre, if they are still unprocureable	12	45. From Mr. Barstow, R.M., regretting that he cannot procure articles of Native manufacture	24
		IV.—NATIVE-DRESSED FLAX.	
		46. To Mr. T. Bevan, jun., requesting to know for what sum he will supply one ton of Native-dressed fibre	24
		47. Circular addressed to the Natives by Native Minister, offering rewards for cultivation and manufacture of fibre	24
		48. To Native Minister, informing him that Wi Tako has contracted to supply half a ton of flax	25
		49. From Colonel Haultain, giving result of enquiries on the West Coast	25
		50. From Colonel Haultain, further report on Native flax-dressing on West Coast	26
		51. From Assistant Native Secretary, concerning a claim of the Natives at Waikanae to 5s. a day, besides the contract price of half a ton of flax ordered by the Commissioners	28
		52. To Under Secretary, requesting information concerning flax ordered from Wi Tako	28
		53. From Assistant Native Secretary, enclosing letter from Wi Tako relative to half a ton of flax ordered, and further correspondence on the same subject	28
		54. From Native Minister, requesting that sample of Native-dressed flax be sent to Mr. Hunt, Waikato	30
