APPENDIX J.

ANNUAL REPORT ON PUBLIC BUILDINGS, ETC., BY THE ARCHITECT.

Mr. Burrows to the Hon. the Minister for Public Works.

Sir.— Colonial Architect's Office, Wellington, 29th July, 1878.

I have the honor to report for your information upon the buildings and other works which have been commenced, executed, or designed during the financial year 1877–78, in connection with the Architect's Branch of the Public Works Service.

Several large new buildings have been completed during the year, and others in progress are nearly ready for occupation.

Of those completed, the chief contracts were for public offices at Gisborne, Taranaki, and Blenheim—the two former constructed of wood, and the latter of concrete, with slated roof, costing respectively £3,507, £5,287, and £10,717.
