

I N D E X.

PART I.		Diamond-mining.	
VICTORIA.			PAGE
Goldfields visited	1	Bingera—	
Sandhurst—		Australian Diamond-mining Company's works ..	28
Winding machinery	1	Description of machinery employed for extracting	
Safety-cages	2	diamonds from washdrift	28
Crushing machinery, general remarks ..	2		
Quartz workings	2	PART II.	
Garden Gully Company works	2	Digest of principal improvements in connection with	
Lansell's " " " "	3	mining, machinery, and schools of mines, &c. ..	29
United Pyrites " " " "	4		
Pyrites, chlorination process of treating ..	4	Crushing Auriferous Ores.	
" roasting or calcining raw	5	Description of crushing and batteries	29
" grinding calcined	6	gold-saving appliances	29
Castlemaine—		St. Mungo Company's plant, Sandhurst	30
Coliban water supply	6		
Rates charged for water	7	Pyrites, Treatment of.	
Maldon—		Report of Victorian Government Board	30
Grand Junction Company's works	7	" Claudet process	33
Diamond- and rock-drills	8	" John Percy, of Metallurgical School of	
Clunes—		Mines, London	36
Port Phillip Company's works	8	" Messrs. Ulrich and Newbery	37
Pyrites, table showing results of treating	9		
" analysis by Cosmo Newberry	10	Concentrating and Amalgamating Machinery.	
North Clunes Company's works	10	Frue's ore-concentrators	42
South " " " "	10	Drop-furnaces for calcining pyrites	42
Ballarat—		Barker's electro-amalgamator	43
Band of Hope and Albion Consols Company's works	10		
Pyrites, treatment of, waste product utilized ..	11	Winding Machinery.	
Stawell—		Safety-cages and safety-appliances generally	44
Quartz lodes different to other goldfields ..	11	Provisions of Victorian Inspection of Mines Act with	
Oriental Company's works	11	regard to safety-cages, &c.	44
Magdala " " " "	11	Air-compressors	44
Moonlight " " " "	11	Compressed-air rock-drills	45
Diamond- and rock-drills	12		
Air-compressors	13	Diamond-drills.	
		Diamond-drills, working of, generally	45
Alluvial Mining.		Table showing results of underground drills in testing	
Creswick Creek—		quartz lodes	47
Madam Berry Company's works	13	Table showing results of surface-drills in testing	
Method adopted for sinking through drift ..	14	quartz lodes	47
Chiltern—		Diamond-drills in Victoria, regulations for use of ..	48
Chiltern Valley Gold-mining Company's works ..	15	" in New South Wales, regulations for	
Beechworth—		use of	49
Sluicing operations and price charged for water ..	15	cost of	49
		Coal-mining.	
NEW SOUTH WALES.		Character of coal seams, New South Wales	49
Tin-mining.		Underground haulage	49
Emmaville—		Comparison of tail-rope to endless-chain haulage ..	50
Glen Smelting Company's works	16	Ventilation in mines	50
Tin ore, process of treating	16		
		Mining Surveys.	
Silver-mining.		System adopted in Victoria	52
Webb Silver-mining Company's operations ..	17	" " New South Wales	53
Boorook—			
Boorook Silver-reducing works	17	Organization of Mines Departments.	
Description of machinery and treatment of ore ..	17	Mines Department, Victoria	54
Sunny Corner—		" " New South Wales	54
Sunny Corner Company's works	19	Schools of Mines.	
Description of smelting operations	19	Subjects taught in School of Mines, Ballarat	55
La Monte and Kahlo's "Probert smelter" ..	21	Table showing the fees charged	55
Silverton—		Subjects taught in School of Mines, Sandhurst ..	55
Broken Hill Company's Mine	22	Table showing the fees charged	55
Pinnacles " " " "	23	Summary	56
May Bell " " " "	23	Concluding remarks	56
Day Dream " " " "	23		
Apollyon " " " "	23	APPENDIX.	
Umberumberka " " " "	23	Report by C. W. Langtree on the working of diamond-	
General characteristic of lodes	23	drills, Victoria	56
		Synopsis of work done by diamond-drills in Victoria ..	61
Copper-mining.			
Cobar—		List of Drawings and Plans.	
Cobar Company's works	23	Webb's patent safety-cage	8
Description of smelting operations	24	Seymour's " " " "	8
Newcastle—		United Pyrites Company's works, Sandhurst	8
Hunter River Copper-smelting works	25	Huntingdon and Koch's amalgamator, Sandhurst ..	8
		Naylor and Thornton's rock-drill	16
Coal-mining.		Wayman and Kay's	16
Wallsend Company's works	25	Plans longitudinal and traverse sections of quartz ..	16
Underground haulage, system of	26	lodes in Sandhurst and Stawell Districts ..	16
Ventilation, system of	26	La Monte and Kahlo's smelting furnace	24
Australian and Agricultural Company's works ..	27	Diamond-drills manufactured by Mort's Dock Com-	
Wickham and Bullock Island " " " "	27	pany, Sydney	24
Maryville Coal " " " "	27	Machinery for extracting diamonds from the wash-	
Blue Mountains—		drift	32
Katoomba coal mine and method of surface haulage	27	Plans of St. Mungo Company's crushing battery,	
Newcastle—		Sandhurst	32
Hydraulic cranes	27	Plan of rifle tables, &c.	32
System of loading vessels	27	" Haley's concentrator	32
		" Frue's ore-concentrator	40
