THAMES SCHOOL of MINES.—PROPOSED TIME-TABLE (Approximate).

Thames, 5 Months.	Ohinemuri, 3 Months.	Waiorongomai, 2 Months.	Coromandel, 2 Months.
January 1 to March 15, and July 1 to September 15. (Thames and Tapu, 5 months.)	March 16 to April 30, and Sept. 16 to October 31. (Karangahake and Owha- roa, 1½ months; Waihi, Waitekauri, and Tau- ranga, 1½ months.)	May 1 to May 31, and Nov. 1 to Nov. 30. (Waiorongomai and Te Aroha, 1 month each.)	June 1 to June 30, and Dec. 1 to Dec. 31.

The above time-table was devised and passed by the general committee of the Thames School of Mines Association while Mr. Montgomery's services alone were available. Now, however, that it is proposed to appoint Mr. Henderson as Mr. Montgomery's assistant, the committee will be able to lengthen the session at each centre very considerably. The allocation of the teaching-staff, the apportionment of the time available, and the duration of the session at the different mining centres, can also be more easily dealt with.
