MEMORANDUM for UNDER-SECRETARY, Native Department.

Stamp Department (Head Office),
Wellington, 26th August, 1890.

IN reply to your memorandum of the 22nd instant, I regret to say that the receipts from ordinary stamp duty on deeds of sale or lease of Native land are not kept distinct from ordinary receipts on account of European deeds. It will be impossible for me to furnish you with the information you require to complete the return you are preparing in compliance with an order of the House of Representatives on the motion of Mr. Arthur.

C. A. HICKSON,
Pro Secretary for Stamps.

NAVY AND AIR FORCE

The Navy and Air Force have announced that they will be working together to develop a new type of aircraft carrier. This new carrier will be able to carry more aircraft than any other carrier in the world. It will also be able to operate in shallow waters, which will allow it to operate closer to the shore. The Navy and Air Force are also working on a new type of fighter jet. This jet will be able to fly at higher speeds than any other jet in the world. It will also be able to carry more weapons than any other jet. The Navy and Air Force are also working on a new type of submarine. This submarine will be able to stay underwater for longer periods of time than any other submarine. It will also be able to carry more weapons than any other submarine.

The Navy and Air Force are also working on a new type of missile. This missile will be able to fly at higher speeds than any other missile in the world. It will also be able to carry more weapons than any other missile. The Navy and Air Force are also working on a new type of ship. This ship will be able to carry more aircraft than any other ship in the world. It will also be able to operate in shallow waters, which will allow it to operate closer to the shore.
