During the past year the Rev. A. R. Fitchett gave the classical instruction, acting for Professor Sale, who received leave of absence for the session; Dr. Barnett lectured on surgery, as *locum tenens* for Dr. H. W. Maunsell. Dr. Maunsell has recently resigned the lectureship, and Dr. William Brown has been appointed as his successor. Mr. W. Butler-Williams, B.A., received the appointment of lecturer on the German language.

The Council have during the past year spent a considerable sum in completing the equipment of the Mining School. They have also had a long correspondence with the Minister of Mines, and at his desire have modified the arrangements so as to meet the requirements of all classes of students. The soundness of the instruction given at the school is well shown by the positions now held by the students who have gone through the course of study prescribed for the associateship.

The Council have great pleasure in noticing, from the monthly class returns made by the Pro-

fessors and Lecturers, that the lectures in the various courses have been duly delivered, and that the attendance of the students at the classes is regular.

The balance-sheet for the year ending 31st March, 1892, is appended.

I have, &c.,

D. M. STUART, Chancellor.

£200 10

His Excellency the Governor of New Zealand.
