Grey River Hospital, 28th November, 1892.

This hospital continues to deserve the confidence of the district. As compared with Hokitika, I notice a considerable difference in the salaries, while the total number of patients under treatment is greater in the latter, and the two institutions are very similarly situated.

Greytown Hospital, 15th September, 1892.

This is a very modest, well-conducted hospital, which is deservedly popular with the people of the southern end of the Wairarapa.
