Port Charles District.

In this district operations to a very limited extent only have been carried on, the whole of the mines, with the exception of the Eva, having suspended workings. The quantity of gold obtained by the Eva Mine was 85 oz., valued at £229 10s. The gold is chiefly obtained from small leaders. Two men were employed.

Cabbage Bay District.

There are five mines at present working in this district, but not to any great extent, and, in consequence, the yields are small. The production was as follows: The Jersey crushed 2 tons 10 cwt. for 1 oz. 4 dwt., valued at £3 4s. 10d.; the Belgic, 1 ton 10 cwt. for 2 oz., valued at £5 8s.; Beattie and Ford, 1 ton 10 cwt. for 3 oz. 10 dwt., valued at £9 9s.; Queen Victoria of Hauraki, 7 tons for 42 oz. 5 dwt., valued at £29 2s.; City of Gisborne, 1 ton 19 cwt. for 14 oz. 15 dwt., valued at £41 5s. 10d. Twelve men were employed in these mines.

Kennedy Bay District.

Bay View Mine is the largest contributor in this district, but operations on the whole do not seem to be carried on with much vigour. The mines crushed as follows: Flossie tributers, 1 ton 12 cwt., for 11 oz. 7 dwt., valued at £31 15s. 7d.; Morning Star, 2 tons 2 cwt., for 2 oz. 1 dwt.,
