

be submitted by the Secretary-General to the Members of the United Nations for consideration at a special session of the General Assembly. The treaties or conventions approved by the General Assembly shall be submitted to the signatory States for ratification in accordance with Article 26 of the Charter.

“ 3. As an essential step towards the urgent objective of eliminating from national armaments atomic, and all other major weapons adaptable to mass destruction, and the early establishment of international control of atomic energy and other modern scientific discoveries and technical developments to ensure their use only for peaceful purposes.

“ THE GENERAL ASSEMBLY

“ URGES the expeditious fulfilment by the Atomic Energy Commission of its terms of reference as set forth in Section 5 of the General Assembly Resolution of 24th January, 1946.

“ 4. In order to ensure that the general prohibition, regulation and reduction of armaments are directed towards the major weapons of modern warfare and not merely towards the minor weapons,

“ THE GENERAL ASSEMBLY

“ RECOMMENDS that the Security Council expedite consideration of the reports which the Atomic Energy Commission will make to the Security Council and that it facilitate the work of that Commission, and also that the Security Council expedite consideration of a draft convention or conventions for the creation of an international system of control and inspection, these conventions to include the prohibition of atomic and all other major weapons adaptable now or in the future to mass destruction and the control of atomic energy to the extent necessary to ensure its use only for peaceful purposes.

“ 5. THE GENERAL ASSEMBLY

“ FURTHER RECOGNIZES that essential to the general regulation and reduction of armaments is the provision of practical and effective safeguards by way of inspection and other means to protect complying States against the hazards of violations and evasions.

“ Accordingly, THE GENERAL ASSEMBLY RECOMMENDS to the Security Council that it give prompt consideration to the working out of proposals to provide such practical and effective safeguards in connection with the control of atomic energy and other limitation or regulation of armaments.

“ 6. To ensure the adoption of measures for the early general regulation and reduction of armaments and armed forces, for the prohibition of the use of atomic energy for military purposes and the elimination from national armaments of atomic and all other major weapons adaptable now or in the future to mass destruction, and for the control of atomic energy to the extent necessary to ensure its use only for peaceful purposes,

“ THERE SHALL BE ESTABLISHED within the framework of the Security Council, which bears the primary responsibility for the maintenance of international peace and security, an international system, as mentioned in paragraph 4, operating through special organs, which organs shall derive their powers and status from the convention or conventions under which they are established.
