

Agreement, the two contracting parties, together with any other contracting parties substantially interested, shall enter promptly into further negotiations with a view to a compensatory adjustment of the matter.

6. (a) The specific duties and charges included in the Schedules relating to contracting parties members of the International Monetary Fund and margins of preference in specific duties and charges maintained by such contracting parties, are expressed in the appropriate currency at the par value accepted or provisionally recognized by the Fund at the date of this Agreement. Accordingly, in case this par value is reduced consistently with the Articles of Agreement of the International Monetary Fund by more than twenty per centum, such specific duties and charges and margins of preference may be adjusted to take account of such reduction :

Provided that the CONTRACTING PARTIES (*i.e.*, the contracting parties acting jointly as provided for in Article XXV) concur that such adjustments will not impair the value of the concessions provided for in the appropriate Schedule or elsewhere in this Agreement, due account being taken of all factors which may influence the need for, or urgency of, such adjustments.

(b) Similar provisions shall apply to any contracting party not a member of the Fund, as from the date on which such contracting party becomes a member of the Fund or enters into a special exchange agreement in pursuance of Article XV.

7. The Schedules annexed to this Agreement are hereby made an integral part of Part I of this Agreement.

PART II

ARTICLE III

National Treatment on Internal Taxation and Regulation

1. The products of the territory of any contracting party imported into the territory of any other contracting party shall be exempt from internal taxes and other internal charges of any kind in excess of those applied directly or indirectly to like products of national origin. Moreover, in cases in which there is no substantial domestic production of like products of national origin, no contracting party shall apply new or increased internal taxes on the products of the territories of other contracting parties for the purpose of affording protection to the production of directly competitive or substitutable products which are not similarly taxed ; and existing internal taxes of this kind shall be subject to negotiation for their reduction or elimination.

2. The products of the territory of any contracting party imported into the territory of any other contracting party shall be accorded treatment no less favourable than that accorded to like products of national origin in respect of all laws, regulations, and requirements affecting their internal sale, offering for sale, purchase, transportation, distribution, or use. The provisions of this paragraph shall not prevent the application of differential transportation charges which are based exclusively on the economic operation of the means of transport and not on the nationality of the product.
