

Then it proceeds in a straight line, across a series of rocky barriers and steep ravines, towards the position (not marked on the map) of La Fontaine des Chamois, near point 2228 (about 1400 meters northeast of Clavières) which it skirts to the east, following the second bend of the road joining this position with the fortified barracks of Chaberton, on the road from Cézanne (Cesana) to Clavières, leaving the fortifications at La Fontaine des Chamois in French territory.

Thence following first in a southerly direction the commune boundary marked on the map, and then the rocky barrier about 400 meters north of the Clavières-Cézanne (Cesana) road, it bends towards the southwest, passing along the foot of the rocky cliffs, sufficiently far from the latter to allow the construction of a double-track road.

Skirting in this way to the north the village of Clavières, which is left in Italian territory, it meets the Rio Secco about 200 meters upstream from the Clavières bridge and follows down its course, then that of Doire Ripaire (Doria Riparia) as far as the road from Clavières to Val Gimont, which is left to Italy, and follows this road as far as the bridge over the Gimont.

Proceeding up the course of the latter for about 300 meters, the line then leaves it and follows the mule-track which takes it to the upper pylon of the Clavières cable railway (Col du Mont Fort du Boeuf), which is left in French territory. Then, across the ridge, it rejoins the present frontier at Mont la Plane, frontier post 251. The road in the valley of the Gimont is left in Italian territory.

The new frontier follows a line which leaves the old frontier at Cime de Colla Longa and proceeding eastwards and following the line of the watershed, skirts the rocky ridge, passing through points 2719, 2562, Cle. di Seccia, reaches at point 2760 the Testa dell'Autaret, passes to point 2672, to the Cle. della Guercia (2456) and through points 2640, 2693, 2689, reaches Roche di Saboulé and follows the northern ridge thereof.

Following the ridge, it passes through points 2537, 2513, Pso. del Lausfer (2461) and point 2573 to Testa Auta del Lausfer (2587) whence it bends southwards as far as Testa Colla Auta, passing Cima del Lausfer (2544), leaving the latter point in Italy.

Thence through point 2484, and along the ridge path which is left in French territory, through points 2240 and 2356, it crosses the Passo di S. Anna, and passing through points 2420 and 2407 it reaches a point about 80 meters south of point 2378 (Cima Moravacciera).

Following the ridge path left in French territory, it passes through Testa Ga del Caval and point 2331, both left in French territory, then leaving the path it continues on the ridge of Testa dell'Adreck (2475) and through Cle. della Lombarda and point 2556 and arrives at Cima della Lombarda (2801).

Bending southeastwards, it then follows the rocky ridge and passing through Pso. di Peania, Cima di Vermeil, point 2720 left in French territory, Testa Cba. Grossa (2792), Pso. del Lupo (2730) and point 2936, reaches Mt. Malinvern.

Thence, in a southerly direction, through points 2701, 2612 and Cima di Favels (2804), then in an easterly direction through point 2823, it reaches Testa del Claus (2889).
