ANNEX IX. TECHNICAL DISPOSITIONS REGARDING THE FREE TERRITORY OF TRIESTE

(See Article 21)

A. *Water Supply to Northwestern Istria*

Yugoslavia shall continue to supply water to the region of northwestern Istria within the Free Territory of Trieste from the spring of San Giovanni de Pinguento through the Quieto water supply system and from the spring of Santa Maria del Risano through the Risano system. The water so supplied shall be in such amounts, not substantially exceeding those amounts which have been customarily supplied to the region, and at such rates of flow, as the Free Territory may request, but within limits imposed by natural conditions. Temporary allowance must be made in respect of the foregoing obligations on Yugoslavia for necessary repair of war damage to water supply installations. The Free Territory shall pay a reasonable price for the water thus supplied, which price should represent a proportionate share, based on the quantity of water consumed within the Free Territory, of the total cost of operation and maintenance of the Quieto and the Risano water supply systems. Should, in the future, additional supplies of water be required by the Free Territory, Yugoslavia undertakes to examine the matter jointly with the authorities of the Free Territory and by agreement to take such measures as are reasonable to meet these requirements.

B. *Electricity Supplies*

1. Yugoslavia and Italy shall maintain the existing supply of electricity to the Free Territory of Trieste, furnishing to the Free Territory such quantities of electricity at such rates of output as the latter may require. The quantities furnished need not at first substantially exceed those which have
