

- (c) Members shall not, except for purposes of operating quotas allocated in accordance with subparagraph (d) of this paragraph, require that import licences or permits be utilized for the importation of the product concerned from a particular country or source ;
- (d) In cases in which a quota is allocated among supplying countries, the Member applying the restrictions may seek agreement with respect to the allocation of shares in the quota with all other Members having a substantial interest in supplying the product concerned. In cases in which this method is not reasonably practicable, the Member concerned shall allot to Member countries having a substantial interest in supplying the product shares of the total quantity or value of imports of the product based upon the proportions supplied by such Member countries during a previous representative period, due account being taken of any special factors which may have affected or may be affecting the trade in the product. No conditions or formalities shall be imposed which would prevent any Member country from utilizing fully the share of any such total quantity or value which has been allotted to it, subject to importation being made within any prescribed period to which the quota may relate.

3. (a) In the case of import restrictions involving the granting of import licences, the Member applying the restrictions shall provide, upon the request of any Member having an interest in the trade in the product concerned, all relevant information concerning the administration of the restrictions, the import licences granted over a recent period and the distribution of such licences among supplying countries ; *Provided* that there shall be no obligation to supply information as to the names of importing or supplying enterprises.

(b) In the case of import restrictions involving the fixing of quotas, the Member applying the restrictions shall give public notice of the total quantity or value of the product or products which will be permitted to be imported during a specified future period and of any change in such quantity or value. Any supplies of the product in question which were *en route* at the time at which public notice was given shall not be excluded from entry ; *Provided* that they may be counted so far as practicable, against the quantity permitted to be imported in the period in question, and also, where necessary, against the quantities permitted to be imported in the next following period or periods, and *Provided further* that if any Member customarily exempts from such restrictions products entered for consumption or withdrawn from warehouse for consumption during a period of thirty days after the day of such public notice, such practice shall be considered full compliance with this subparagraph.
