

G. Haag's Graphic Schedule (apparently in connection with the German Scheme of Compulsory Assurance), showing the Percentage Loss of Earning-power through Permanent Partial Disability (Compensation allowed equal to 60 per Cent. of Disability under the State System of Compulsory Insurance of Workmen).

Nature of Disablement.		Percentage of Total Disablement.
Loss of one eye (according to qualifications of workman) ...	...	30-40
Union of the bones forming joint at the shoulder, complete, right arm ...	...	50
Ditto, left arm ...	...	40
Inability to elevate arm to the horizontal, right arm ...	...	30
Ditto, left arm ...	...	20
Habitual dislocation at shoulder, right arm ...	...	35
Ditto, left arm ...	...	15
Deafness, both sides ...	...	75
„ one side ...	...	10
Elbow—		
Active subluxation (partial dislocation), right ...	...	60
Ditto, left ...	...	50
Passive subluxation (partial dislocation), right ...	...	75
Ditto, left ...	...	60
Union of the bones forming joint at right angles, right ...	...	40
Ditto, left ...	...	30
Union of the bones forming joint at obtuse angle, right ...	...	60
Ditto, left ...	...	50
Arm—		
Entire arm, right ...	...	80
Ditto, left ...	...	70
Paralysis in radial distribution, right ...	...	50
Ditto, left ...	...	40
Paralysis in ulnar or median distribution, right ...	...	75
Ditto, left ...	...	60
Badly united classic fracture of radius, right ...	...	60
Ditto, left ...	...	50
Hand—		
Union of bones at wrist, right ...	...	40
Ditto, left ...	...	30
Loss of entire hand, right ...	...	75
Ditto, left ...	...	65
Loss of thumb, right ...	...	25
Ditto, left ...	...	20
Loss of first finger, right ...	...	17
Ditto, left ...	...	15
Loss of second finger, right ...	...	13
Ditto, left ...	...	12
Loss of third finger, right ...	...	9
Ditto, left ...	...	8
Loss of little finger, right ...	...	11
Ditto, left ...	...	10
Hernia in linea alba ...	...	50
Inguinal hernia ...	...	10
Bilateral inguinal hernia ...	...	15
Femoral hernia ...	...	15
Bilateral femoral hernia ...	...	20
Large hernia with escape of intestine ...	...	50-100
Hip exarticulation (amputation), right or left ...	...	85
Knee (right or left)—		
Subluxation (partial dislocation) ...	...	50
Relaxation improved by apparatus ...	...	25
„ ankylosis (union of bones of joint), straight ...	...	50
„ „ „ at obtuse angle ...	...	80
Fracture of knee-cap unsuitable for extensor apparatus ...	...	50
Amputation above knee-joint ...	...	80
„ below knee-joint ...	...	60
Shortening (of leg) compensated for by obliquity of pelvis or elevation of sole ...	...	20
Pseudarthrosis (false joint) ...	...	80
Ankle ankylosis (union of bones of joint) ...	...	30
Foot, loss of ...	...	40
„ „ part of, if involving loss of support ...	...	40
Big toe, loss of ...	...	10
Any other toe ...	...	5
All affections of the lower extremities requiring use of cane, crutches, or prothetic apparatus	...	50-75
