EDUCATION: ANNUAL EXAMINATIONS.

[In continuation of E.—1A, 1908.]

Presented to both Houses of the General Assembly by Command of His Excellency.

The INSPECTOR-GENERAL of SCHOOLS to the Hon. the MINISTER OF EDUCATION.

SIR,—

Education Department, Wellington, 3rd August, 1909.

I have the honour to present the following report of the annual examinations conducted by the Department for the various purposes of Junior National Scholarships, Junior Free Places in secondary schools, district high schools, and technical schools, Senior Free Places in secondary schools and district high schools, for admission to or promotion in the Civil Service, and for teachers' certificates. The examinations were held between the 9th and the 19th days of December, 1908, and between the 5th and the 18th days of January, 1909, at the thirteen towns which are the seats of Education Boards, and also at Alexandra, Aratapu, Arrowtown, Ashburton, Balclutha, Chatham Islands, Dannevirke, Gisborne, Gore, Hamilton, Hastings, Hawera, Lawrence, Levin, Marton, Masterton, Naseby, Oamaru, Opatiki, Pahiatua, Palmerston North, Paparoa, Patea, Rangiora, Reefton, Riverton, Stratford, Takaka, Tapanui, Tauranga, Thames, Wairoa, Westport Whangarei.

The total number of candidates entering for the December and January tests jointly was 6,117, or 573 more than in the preceding year. Of this total the number actually present at examination was 5,519, the difference (598) being accounted for partly on the usual grounds, and partly by the operation of a new clause in the Regulations for Senior Free Places, under which a number of candidates recommended on an accrediting principle therein embodied were exempted from examination, and accordingly did not present themselves. In the several examinations the following were the numbers present: For the Junior National Scholarship and Junior Free Place Examination, 1,765; for the Civil Service Junior and allied examinations, 2,158; for the Civil Service Senior Examination, 373; for Certificate Examinations, 1,223. It may further be noted that thirty-eight of the candidates so recorded were candidates for both Senior and Junior Civil Service Examinations, and that one of the candidates for a teacher's certificate was also a candidate for the Civil Service Senior.

The Department's examination for Junior National Scholarships is now used by all the Education Boards of the Dominion for the award of their Junior Scholarships, superseding thus without exception any examination locally conducted in earlier years for this purpose. For the award of their Senior Scholarships the Boards commonly, but not exclusively, use the Civil Service Junior Examination. Apart from this extension of its functions, the Civil Service Junior Examination is employed for a variety of purposes. Either in its proper competitive form, or with certain modifications in selected subjects to meet the needs of a non competitive qualification, it is thus used not only as an entrance examination for the Civil Service of the Dominion, but as a scholarship examination, an examination for the Senior Free Place qualification in secondary schools and district high schools, an examination for pupil-teachers of the second or third years, and a qualifying examination for the probationer appointments recently instituted under an amendment of the Education Act.

The following table gives a comparative statement of the number of candidates examined under the principal groupings during the past four years:—

	1905-6.	1906-7.	1907-8.	1908-9.
Junior National and Education Board Scholarships and Junior Free Places	790	1,458	1,475	1,765
Civil Service Junior, Senior Free Places, Education Board Senior Scholarships, First Pupil-teachers	1,305	2,123	2,173	2,158
Teachers D and C ...	749	1,051	1,184	1,223
Civil Service Senior ...	141	183	231	373
	2,985	4,815	5,063	5,519

The results of the Junior National Scholarship Examination were made known on the 20th January, those of the Civil Service Junior Examination on the 23rd January, those of the Civil Service Senior Examination on the 12th February, those of the examination for the Education Boards' Senior Scholarships and for Senior Free Places on the 23rd January, and those of the teachers' examinations on the 19th February. To get the results ready for the *Gazette* notice at the earliest moment every effort has always been made; but various causes—chiefly the large increase in the number of candidates and the varied applications of the examinations for which separate schedules are necessary—have made it increasingly difficult to furnish the more distant centres with reliable information in good time for all the purposes required. It has been decided accordingly to bring the Civil Service Junior Examination forward in future by a few weeks. At the close of the current year it will be held immediately before, not, as hitherto, immediately after, the Matriculation Examination of the University, in which a number of Civil Service candidates are also commonly engaged.

Of the total number of candidates that sat for the Junior National Scholarship and Junior Free Place Examinations, 1,304 were candidates for scholarships, and 461 for free places only. On the result of the examination 645 attained a scholarship qualification, and (including this number) 869 qualified for free places in secondary schools.

The highest percentages of marks gained in the various subjects of this examination were as follows: English, 86; arithmetic, 100; geography, 98; general paper, 89; drawing, 88. The highest percentage gained by any one candidate on the whole examination was 83.

Of the 2,158 candidates examined for the Civil Service Junior Examination in its varied applications, 1,411 were candidates under the provisions of the Civil Service Reform Act. In this class 896 of the number passed the examination, 272 of them with credit. Pupil-teacher candidates in the service of Education Boards numbered 83, and there were also 363 competitors for Senior Board Scholarships, inclusive of 9 and 125 respectively who were at the same time candidates for the Civil Service. In the whole of the examination the candidates that passed, and thereby, whether so specially desired or not, satisfied the examination requirements for Senior Free Places in secondary schools or district high schools, totalled 1,356.

Of the 373 Civil Service Senior candidates, 64 came up to complete examinations in which they had already been partially successful. In all 64 passed the whole examination (two of them with distinction), and the work of 218 in addition was accepted by the Department in two or more subjects towards the full qualification.

The numbers of candidates that entered for different stages of the Teachers' Certificate Examinations, with their status at the time of entry, are shown in the subjoined table:—

Examinations previously passed.	Candidates for th Whole or Part of the Class C Ex- amination.	For Class D.	For Class D, with the Matricula- tion Examina- tion of Decem- ber, 1908.	For Completion of Partial Pass for Class D.	For Special Cer- tificates in Single Subjects	Total.

Higher examinations	393	6	...	42	2	443
Totals	733	482	31	276	8	1,530

[NOTE.—The columns of the table are not mutually exclusive, a number of the candidates being entrants for more than one class of certificate.]

Of the total number of candidates in this group, 430 completed the requirements as follows: 15 for Class B, 181 for Class C, and 234 for Class D; 367 others obtained "partial pass"—4 for Class A, 5 for Class B, 126 for Class C, 232 for Class D. There were 204 whose work in a section consisting of one or more separate subjects was accepted towards Class C by the Department, and 262 candidates, besides 153 absentees, failed to improve their status.

The joint expenses of both groups of examinations amounted to £4,483 7s. 8d., exclusive of the cost of printing and of clerical work. The fees paid by candidates totalled £3,375 15s.

Attached to this report are lists of the examiners, and of the successful and partially successful candidates. The examination-papers, with an appendix containing criticisms and suggestions made by the examiners, have been printed separately.

I have, &c.,
G. HOGGEN,
Inspector-General of Schools.
