<i>Discaria toumatou</i> Raoul ..	Wild-irishman	End.	..	3	Heath; sand-hollow	Shrub, divaricating, semi-deciduous	
<i>Hypericum gramineum</i> Forst. f. ..	..	Aus., New Cal.	N., C., S. ..	1	Sand-hollow; grass dune	Subshrub, small, erect.	

† This plant varies much in leaf, especially in length of peduncle. A very distinct variety has quite sessile flowers hidden amongst the leaves. This form keeps, for years, its character under cultivation, both in my garden and in that of the late Mr. H. J. Matthews.
