of Auckland citizens with that of the people of Brisbane, who cheerfully surrendered their occupied Government House and fifty acres of ground as a site for a Queensland University; but the Auckland University failed to get an unoccupied Government House and less than fifteen acres of land for their much-needed University buildings. Something, of course, must soon be done in regard to providing a new site for our University College, as the want of suitable accommodation for the University students, as well as the students in the Schools of Commerce, Law, and Music, is most deplorable.

I should like to add that as soon as new University buildings are obtained it is intended to convert the original part of the present building, the old General Assembly Buildings, into requisite accommodation and dormitories for male students from the country, where the ordinary system of university life and discipline will be observed. A similar provision will subsequently be made for female students from the country, perhaps contiguous to the new buildings, or in a rented house in charge of a matron.

I commend all these matters with the utmost confidence to the favourable consideration of the Minister of Education and the Government of which he is a member.

I have, &c.,

G. MAURICE O'RORKE, Chairman.

STATEMENT of the RECEIPTS and EXPENDITURE of the AUCKLAND UNIVERSITY COLLEGE for the Year ended 31st December, 1910.
