

Agathis australis	37 ft. 3 in.	50	Puhupuhi	Good	Rather exposed	Phillips Turner	Dead tree.
Gleditsia triacanthos	8 ft. 7 in.	50	Hokianga	"	Exposed	T. W. Adams	
Ulmus montana	8 ft. 6 in.	80	Pakaraka	Fair	Rather exposed	"	These trees looked very healthy, and were well grown.
Wellingtonia gigantea	12 ft. 1 in.	80	Queenstown	"	"	"	
Eucalyptus globulus	3 ft. 6 in.	50	"	"	"	"	
"	11 ft. 7 in.	85	"	"	"	"	Tree not very high.
Eucalyptus viminalis	9 ft. 3 in.	80	Warepa	Good	Sheltered	Phillips Turner	Humphrey's Plantation. Very fine trees, the finest seen.
Eucalyptus globulus	16 ft. 3 in.	150	Fendalton, Christchurch	Very good	"	"	Isolated, branchy.
"	5 ft. 11 in.	150	"	"	"	"	Bangor trees of poor quality.
"	4 ft. 4 in.	150	"	"	"	"	
"	11 ft.	90	Bangor	Good	Formerly exposed	"	
Larix europæa	3 ft. 5 in.	40	"	"	Sheltered	"	The smaller trees from suckers.
Populus canescens	2 ft. 11 in.	40	Homebush	Very good	"	"	Trees the finest seen by us of larch.
"	2 ft. 11 in.	40	"	"	"	"	These are fine specimens.
"	1 ft. 4 in.	40	"	"	"	"	
Pseudotsuga Douglasii	6 ft. 5 in.	80	"	"	"	"	
Larix europæa	4 ft. 6 in.	80	"	"	"	"	
"	4 ft. 6 in.	80	"	"	"	"	
"	4 ft. 6 in.	80	"	"	"	"	
Pinus ponderosa	3 ft. 10 in.	100	Cambridge	"	"	S. I. Clarke	
Cupressus macrocarpa	6 ft. 8 in.	120	"	"	"	"	
Eucalyptus	7 ft. 8 in.	120	"	"	"	"	
"	6 ft. 10 in.	120	"	"	"	"	
Cupressus macrocarpa	6 ft. 8 in.	24	Tauranga	Good	Modified pumice	T. W. Adams	Planted for ornament. Six measured in succession out of nineteen trees in the line.
Populus fastigiata (Lombardy poplar)	6 ft. 6 in.	40	Christchurch	"	Fairly sheltered	"	These are planted as experimental trees, and are good object-lessons.
"	9 ft. 5 in.	80	"	"	"	"	
Ditro	11 ft. 1 in.	80	"	"	"	"	
"	10 ft. 1 in.	80	"	"	"	"	
"	11 ft. 4 in.	80	"	"	"	"	
"	10 ft. 5 in.	80	"	"	"	"	
"	11 ft. 11 in.	80	"	"	"	"	
Eucalyptus hemastoma	2 ft. 4 in.	45	Whakarewarewa	Pumice	Exposed	"	
Eucalyptus Gunnii	3 ft. 2 in.	55	"	"	"	"	
Eucalyptus corymbosa	3 ft. 7 in.	55	"	"	"	"	
Eucalyptus gigantea	2 ft. 11 in.	55	"	"	"	"	
Wellingtonia gigantea	10 ft. 3 in.	65	"	"	"	"	
Larix europæa	1 ft. 9 in.	30	"	"	"	"	
"	2 ft. 1 in.	32	"	"	"	"	
Agathis australis	1 ft. 10 in.	35	Te Aroha	"	"	"	
Pinus radiata	7 ft. 2 in.	125	Thames	"	"	"	
Wellingtonia gigantea	6 ft. 3 in.	75	"	"	"	"	
Agathis australis	2 ft. 4 in.	45	"	"	"	"	
"	1 ft. 9 in.	45	"	"	"	"	
Dacrydium cupressinum	2 ft. 3 in.	40	"	"	"	"	
Libocedrus Bidwillii	1 ft. 11 in.	30	"	"	"	"	
Podocarpus totara	3 ft. 4 in.	33	"	"	"	"	
"	2 ft. 9 in.	40	"	"	"	"	
Retinospora obtusa	2 ft. 6 in.	25	"	"	"	"	
Cupressus torulosa	5 ft. 7 in.	40	"	"	"	"	
Podocarpus spicatus	1 ft. 1 in.	20	"	"	"	"	
Phyllocladus trichomanoides	1 ft. 9 in.	20	"	"	"	"	
Podocarpus ferrugineus	1 ft. 3 in.	25	"	"	"	"	
Fraxinus excelsior	3 ft. 5 in.	45	"	"	"	"	
Quercus robur	6 ft. 11 in.	53	"	"	"	"	
Podocarpus dacrydioides	2 ft.	40	"	"	"	"	Favourable situation.

These trees planted by Mr. Hall serve perhaps as no others in New Zealand to illustrate the rate of growth of some exotic trees in comparison with our own native forest-trees.

Tree dying.

Favourable situation.
