

## APPENDIX C—continued.

Annual cost apportioned as under :—

|                                            |    |    |    | £     | £              |
|--------------------------------------------|----|----|----|-------|----------------|
| Mining industry (including gold duty)—     |    |    |    |       |                |
| 75 per cent. of annual cost, Ohinemuri     | .. | .. | .. | 3,132 |                |
| Quarter annual cost of Ngahina North       | .. | .. | .. | 3,308 |                |
| Its proportion of expended moneys          | .. | .. | .. | 3,200 |                |
|                                            |    |    |    |       | 9,640          |
| Crown (Consolidated Fund)—                 |    |    |    |       |                |
| Quarter annual cost of Ohinemuri           | .. | .. | .. | 1,044 |                |
| Half annual cost of Upper Waihou           | .. | .. | .. | 7,734 |                |
| Half annual cost of Ngahina North          | .. | .. | .. | 6,616 |                |
| Its proportion of expended moneys          | .. | .. | .. | 8,000 |                |
|                                            |    |    |    |       | 23,394         |
| Shipping (including Piako River shipping)— |    |    |    |       |                |
| Quarter annual cost, Ngahina North         | .. | .. | .. | 3,308 |                |
| Its proportion of expended moneys          | .. | .. | .. | 1,600 |                |
|                                            |    |    |    |       | 4,908          |
| Land (rating, Wharepoa to Matamata)—       |    |    |    |       |                |
| Half annual cost, Upper Waihou             | .. | .. | .. | 7,734 |                |
| Its proportion of expended moneys          | .. | .. | .. | 4,250 |                |
|                                            |    |    |    |       | 11,984         |
|                                            |    |    |    |       | <u>£49,926</u> |

Bringing the amount derivable from these suggestions to £90 more than the amount required.

[APPENDIX D, map showing Waihou River and tributary streams in Matamata County, not printed.]

## APPENDIX E.

STATEMENT SHOWING EXPENDITURE TO 30TH JUNE, 1921, AND ESTIMATED COST OF COMPLETING SCHEME.

|                                                             |    |    |    |    |    |        |                 |
|-------------------------------------------------------------|----|----|----|----|----|--------|-----------------|
| Expenditure to 30th June, 1921                              | .. | .. | .. | .. | .. | ..     | £ 212,645       |
| Estimated cost of completing works as from 30th June, 1921— |    |    |    |    |    | £      |                 |
| Mangaiti-Tirohia, left bank                                 | .. | .. | .. | .. | .. | 68,827 |                 |
| Mangaiti-Tirohia, right bank                                | .. | .. | .. | .. | .. | 68,827 |                 |
| Tirohia-Ngararahi, left bank                                | .. | .. | .. | .. | .. | 12,555 |                 |
| Tirohia-Ngararahi, right bank                               | .. | .. | .. | .. | .. | 31,360 |                 |
| Rotokohu drainage                                           | .. | .. | .. | .. | .. | 3,713  |                 |
| Ngahina Bridge extension                                    | .. | .. | .. | .. | .. | 9,600  |                 |
| Ngahina to 4 miles, left bank                               | .. | .. | .. | .. | .. | 41,166 |                 |
| Ngahina to 4 miles, right bank                              | .. | .. | .. | .. | .. | 44,561 |                 |
| Komata Creek                                                | .. | .. | .. | .. | .. | 7,869  |                 |
| 4 miles to 13 miles, left bank                              | .. | .. | .. | .. | .. | 34,210 |                 |
| 4 miles to 13 miles, right bank                             | .. | .. | .. | .. | .. | 39,163 |                 |
| Ohinemuri River, left bank                                  | .. | .. | .. | .. | .. | 42,682 |                 |
| Ohinemuri River, right bank                                 | .. | .. | .. | .. | .. | 8,039  |                 |
|                                                             |    |    |    |    |    |        | 412,572         |
|                                                             |    |    |    |    |    |        | <u>£625,217</u> |

If the Upper Waihou stop-bank (right bank, Mangaiti and Tirohia) is not proceeded with, but certain other consequent works arranged for, the total estimated cost will be reduced to £598,905.

A. J. BAKER, District Engineer.

Public Works Department, Auckland, 21st September, 1921.

[APPENDIX F, plan showing works completed, in hand, and proposed; and APPENDIX G, plan showing area of land suggested to be classified and rated: not printed.]
