MY LORD,—

Downing Street, 7th November, 1921.

With reference to my predecessor's despatch of the 27th July, 1920, forwarding copies of a report on the Imperial Entomological Conference which was held in London in June, 1920, I have the honour to invite the attention of Your Excellency's Ministers to the abstract of legislation in force in the British Empire dealing with plant pests and diseases, copies of which have been sent to your Government from the Imperial Bureau of Entomology.

2. In the despatch under reference copies of the preliminary draft of the abstract were enclosed; the abstract as now published by the Bureau is in its final form, and includes legislation up to 1920. It is desirable that the abstract should be revised and brought up to date from time to time, and I should therefore be grateful to your Ministers if they could see their way to arranging for the Director of the Bureau to be notified of any changes in, or additions to, the legislation or regulations concerning plant pests and diseases which may be made by your Government. At the same time, the Director would be glad to receive suggestions or observations on the abstract generally, which can be taken into consideration when a revised edition is being prepared.

I have, &c.,

WINSTON S. CHURCHILL.

Governor-General His Excellency the Right Hon.

Viscount Jellicoe, G.C.B., O.M., G.C.V.O., &c.
