ANNUAL REPORT.

Last year I had the pleasure of reporting a considerable improvement in the Department's business and financial operations, and am glad to be able to report a continued improvement in the operations for the year ending 31st March, 1928.

The revenue of the Department has increased from £61,674 to £65,447, an improved return of £3,773, while the expenditure shows a small increase, from £76,378 to £76,865, or £487. The excess of expenditure over revenue has decreased from £14,704 to £11,418.

The following are the details of revenue and expenditure for the past six years, and it is interesting to note the steady approximation of the two amounts :—
