REPORT OF COOK ISLANDS ADMINISTRATION.

FINANCE.

The financial year commenced with a credit balance of £143 16s. 5d. Revenue for the year amounted to £18,997 13s. 6d., and the expenditure totalled £17,488 7s. 6d. The details are shown in the Revenue and Expenditure Account set out hereunder, from which it will be seen that our credit balance at the 31st March, 1928, was £1,653 2s. 5d.

It should be noted that our Customs revenue of £11,986 contains an item of £2,176 3s. 6d. credited for duties collected in New Zealand on goods afterwards reshipped to the Cook Islands, but which really should have been a credit for the previous year.

Our financial position is still not satisfactory, as it will be seen from the particulars of balance that we owe £5,956 17s. 7d. to New Zealand Government on Advances Account, whereas the amount due to the Administration totals £3,550 1s. 8d. This leaves a difference of £2,406 15s. 11d., to meet which we have only a cash credit of £1,847 5s. 7d., the remaining credits being stocks on hand. Had it not been for an advance of £2,000 made by the Government during the year in aid of the Administration Treasury we would not have been able to meet our obligations towards the end of the financial
