Examinations held on behalf of City and Guilds of London Institute	As for technological examinations	191	89	..	102	217	116	..	101

* This examination is held by the Department's Inspectors in the various education districts, but the results are given for the purposes of comparison. A more detailed analysis will be found in Table A 7 of M.-2. † Competency pass. ‡ Includes 1 who passed for Class B. § Includes 16 who passed in additional subjects. || These numbers represent the subjects taken. The number of individual candidates was 116 in 1935 and 180 in 1936.

The examination branch of the Department assists in the arrangements necessary for carrying out the Wiremen's Registration Examinations conducted by the Electrical Wiremen's Registration Board.

In addition to those certificates issued as a result of the examinations given in Table Z 2, certificates were also issued in the following cases to candidates who were recommended by Principals of post-primary schools and approved by the Department's Inspectors.

TABLE Z 3.—NUMBER OF CERTIFICATES ISSUED BY ACCREDITING.
(These are in addition to those awarded as a result of examination.)

Certificate.	Stage of Course at which Certificate is issued.	Number of Certificates issued.	
		1935.	1936.
Intermediate ..	At end of Form IV—i.e., at the end of at least the second year of approved post-primary course	6,622	6,954
Higher leaving ..	At the end of Form VI—i.e., at the end of at least the fourth year of approved post-primary course	993	1,060
